million hectares of cropped area in the financial year 2024-25 (as of November 27, 2024), Nityanand Rai, Union Minister of State for Home Affairs, presented these figures in the Lok Sabha.

These provisional estimates highlight the extensive impact of natural calamities on lives, livestock, infrastructure, and agriculture. The data, sourced from state governments and Union Territories, reflect significant losses to property and livestock across several regions.

Human and agricultural toll across states

According to the minister, Karnataka, Uttar Pradesh, Assam, and Himachal Pradesh were the worst-affected states, suffering heavy human casualties and agricultural losses. The impacted cropped area exceeded 10.23 lakh hectares, with Uttar Pradesh accounting for 3.95 lakh hectares. Assam, Karnataka, and West Bengal also reported extensive agricultural losses.

Himachal Pradesh had the highest human casualties, with 358 lives lost due to landslides and floods. Similarly, Kerala and Gujarat also reported high death tolls, emphasizing the severe impact of disasters in these regions.

1. State-wise Impact of Hydro-Meteorological Disasters (2024-25)

State/UT	Human Lives Lost	Cattle Lost	Houses/Huts Damaged	Area Affected (lakh ha)
Andhra Pradesh	56	93	1,310	0.05
Arunachal Pradesh	12	175	771	—
Assam	128	16,207	156,691	1.38
Bihar	64	—	191	—
Chhattisgarh	125	289	2,154	—
Goa	4	2	696	—
Gujarat	230	7,222	20,741	—
Haryana	1	—	16	—
Himachal Pradesh	358	7,088	1,004	—
Karnataka	182	1,199	21,967	2.86

State/UT	Human Lives Lost	Cattle Lost	Houses/Huts Damaged	Area Affected (lakh ha)
Kerala	322	—	7,780	—
Madhya Pradesh	373	1,204	8,147	—
Maharashtra	203	551	98	—
Manipur	11	233	29,639	0.01
Meghalaya	43	241	4,028	—
Mizoram	44	7	440	0.21
Nagaland	27	1	2,229	0.03
Odisha	30	2	1,941	0.22
Punjab	23	10	114	—
Rajasthan	131	492	1,863	—
Sikkim	13	4,241	1,668	—

State/UT	Human Lives Lost	Cattle Lost	Houses/Huts Damaged	Area Affected (lakh ha)
Tamil Nadu	37	5,521	870	0.09
Telangana	29	13,412	8,690	—
Tripura	78	15	67,487	—
Uttar Pradesh	88	33	2,644	3.95
Uttarakhand	80	524	3,484	0.05
West Bengal	14	—	—	1.38
Delhi	68	—	8	—
Jammu & Kashmir	28	73	1,069	—
Puducherry	1	—	30	—
Total (India)	2,803	58,835	347,770	10.23

the responsibility of state governments. Relief operations and immediate response measures are financed through the State Disaster Response Fund (SDRF), while additional assistance is provided from the National Disaster Response Fund (NDRF) for severe disasters.

Funds released so far

As of November 2024, ₹10,728 crore has been released from the SDRF to various states, supplemented by ₹4,043.37 crore from the NDRF. Karnataka received the highest NDRF allocation of ₹3,454.22 crore, followed by Himachal Pradesh, Tamil Nadu, and Sikkim, which received special assistance due to severe calamities.

2. State-Wise Financial Allocations and Releases (2024-25)

Allocations and Releases from SDRF and NDRF

State/UT	SDRF Allocation (₹ Cr)	Release from SDRF (₹ Cr)	Release from NDRF (₹ Cr)
Andhra Pradesh	1,380.80	1,036.00	—
Arunachal Pradesh	256.80	231.20	—
Assam	795.20	716.00	—

State/UT	Allocation (₹ Cr)	FROM SDRF (₹ Cr)	FROM NDRF (₹ Cr)
Bihar	1,748.00	1,311.20	—
Chhattisgarh	533.60	400.00	—
Goa	13.60	10.40	—
Gujarat	1,635.20	1,226.40	—
Haryana	606.40	455.20	—
Himachal Pradesh	420.00	378.40	66.92
Jharkhand	701.60	526.40	—
Karnataka	976.00	732.00	3,454.22
Kerala	388.00	291.20	—
Madhya Pradesh	2,248.00	1,686.40	—
Maharashtra	3,978.40	2,984.00	—
Manipur	44.00	40.00	—

State/UT	Allocation (₹ Cr)	FROM SDRF (₹ Cr)	FROM NDRF (₹ Cr)
Meghalaya	67.20	60.80	—
Mizoram	48.00	43.20	—
Nagaland	42.40	38.40	—
Odisha	1,980.80	1,485.60	—
Punjab	611.20	458.40	—
Rajasthan	1,828.80	1,372.00	—
Sikkim	52.00	47.20	221.12
Tamil Nadu	1,260.00	944.80	276.10
Telangana	555.20	416.80	—
Tripura	70.40	63.20	25.00
Uttar Pradesh	2,388.00	1,791.20	—
Uttarakhand	964.00	868.00	—

State/UT	Allocation (₹ Cr)	from SDRF (₹ Cr)	from NDRF (₹ Cr)
West Bengal	1,248.00	936.00	—
Total (India)	26,841.60	10,728.00	4,043.37

Under the National Policy on Disaster Management (NPDM), disaster management is primarily the responsibility of state governments. Relief measures are funded through SDRF allocations, with additional NDRF support for severe calamities. The central government supplements state efforts with financial and logistical assistance.

To ensure transparency and effective resource use, the Union government constituted 12 Inter-Ministerial Central Teams (IMCTs) to assess damages in disaster-hit states, including Assam, Andhra Pradesh, Mizoram, and Kerala. These teams conduct on-the-spot evaluations, and their reports inform the central government’s decision on additional financial assistance.

Call for Enhanced Preparedness

The figures highlight the urgent need for stronger disaster preparedness and mitigation strategies, especially in vulnerable regions prone to recurrent calamities. Enhanced early warning systems, resilient infrastructure, and robust climate adaptation strategies are critical to minimizing future losses.

As India faces more frequent extreme weather events, integrating disaster risk reduction into developmental planning will be vital to safeguarding lives and livelihoods.

Support Ground Report To Keep Independent Environmental Journalism Alive In India

We do deep on-ground reports on environmental, and related issues from the margins of India, with a particular focus on Madhya Pradesh, to inspire relevant interventions and solutions.

We believe climate change should be the basis of current discourse, and our stories attempt to reflect the same.
